

Treasurers Report  
Science and Enterprise Group (SEG)  
2010 YTD

SEG activity during the year has consisted principally of holding 4 group committee meetings (including the AGM) and organising and running 3 one day events (in each case in collaboration with another organisation). The 2010 budget allocated to SEG was £2,500. I am pleased to report that SEG activities for 2010 appear to be within budget. Expenses to date are £697. Additionally the 3 one day events yielded a net surplus of £1,765 and all were relatively well attended. Unfortunately two further conferences that were planned to be held during the year were cancelled for various reasons.

SEG has submitted a budget of £2,030 for 2011. There are currently plans to hold 5 conferences (one or ½ day events) during the year which are at various stages of planning. The first of these, a one day conference entitled Opportunities for Commercializing Drug Discovery in the Academic Sector, will be held on the 17 February 2011 at SCI headquarters, London.
