Candidates Nominated for Election at the 136th SCI Annual General Meeting

Below are the details of candidates who have applied for vacant positions on SCI's Board of Trustees and its Standing Committees.

FINANCE AND INVESTMENT ADVISORY COMMITTEE

Ordinary Members of the Finance and Investment Advisory Committee

Mr Martin Curry

Read Chemistry at Southampton University. Chartered Accountant and Fellow of the Association of Corporate Treasurers with over 25 years experience in a variety of senior finance roles. Have worked in small and large businesses both in the UK and internationally in e-commerce, agency and publishing companies. Significant tax, treasury and corporate finance experience, with the ability to understand detail and the wider context. Consulted at SCI in August/September 2016 to review CRM system implementation proposals and evaluate the Wiley C&I contract.

A unique combination of some inside knowledge of the existing SCI finance and other processes and an independent external commercial perspective. I am used to roles that require the prioritization of resources, improved transparency and better reporting. In addition to the specific advisory roles and delegated responsibilities, FIAC's role must be to raise the overall professionalism and output of the finance team. I expect my publishing company experience to be useful, but the variety of my general senior /board level finance experience is most relevant.

Increase membership numbers. Use intelligent CRM analytics and common sense to achieve this.
SCI should be the easiest organisation for members to deal with through the best use of systems and processes. The "go to" place because it is so easy/ relevant, like Google/Uber. Help ensure SCI's long term viability, through the generation of additional income from new and existing channels. Put in place an investment strategy that has the best chance of ensuring SCI is here in another 130+ years delivering the objectives of the charity.

There are three options for voting this year:
